

Digester Retrofit Program Offers Total Support

Digester Retrofit Program

Siemens Water Technologies offers a complete digester retrofit program, designed to address everything from simple repairs and upgrades to complete replacements. With our dedicated sales, service and engineering staff we can make repairs for you on a turn key basis or we can work with the contractor of your choice.

The Digester retrofit program from Siemens is your source for Rex® and PFT® O.E.M. replacement parts, engineering support and on-site installation services.

Program Features:

- A complete line of parts for all Envirex® and PFT® products
- Inspections for any component or complete digestion systems.
- Complete repairs or replacements utilizing your crew or ours.
- Gas Safety Equipment (GSE) replacements and repairs.
- Control upgrades available.

Our expertise includes but is not limited to the following:

- Digester Covers (Floating or Fixed)
- Gas Holders (Including Dystor®)
- Digester Mixing (Including Pearth™)
- Heaters/Heat Exchangers & Digital Control Upgrades
- Gas Safety Equipment

SIEMENS

The information provided in this literature contains merely general descriptions or characteristics of performance which in actual case of use do not always apply as described or which may change as a result of further development of the products. An obligation to provide the respective characteristics shall only exist if expressly agreed in the terms of the contract.

Dystor, Envirex, Pearth, and PFT are trademarks of Siemens, its subsidiaries or affiliates.

Rex is a trademark of Rexnord and licensed to Siemens.
